INVESTMENT FUND FOR HEALTH IN AFRICA (IFHA) OVERVIEW

GHANA, KENYA, NIGERIA
SOUTH AFRICA, TANZANIA,
UGANDA

IFHA FUND's aim to provide private equity funding for the African health care sector, responding to the growing need for capital investments. The Investment Funds for Health in Africa (IFHA) are private equity funds dedicated to small to medium size (equity) investments in private healthcare companies in Africa. IFHA invests in sectors such as care provision, health insurance, as well as the manufacturing and distribution of healthcare products.
